Consumer Service Technician

Amazing internet speeds.
Crystal clear high-definition TV.
FibreOP™ straight to the consumer's door.

Bell Aliant continues to be the leading communications provider in Atlantic Canada offering innovative information, communication and technology services including voice, data, Internet and video. We are the first company in Canada to cover an entire city with fibre-to-the-home (FTTH) technology with its FibreOP™ services.

Bell Aliant is actively seeking Technicians to join our **Consumer Service Technician (CST)** team.

Position Requirements:

A - Education:

Successful completion of either an electrical/electronic engineering technician program or engineering/computer technology program at a recognized technical training institute or a university science degree in engineering, computers or other relevant field

OR

A High School Graduation Certificate combined with one (1) year of continuous related field work experience as a technician in a communications technology firm/department

- Valid Drivers license
- Ability to climb poles on a daily basis (e.g. ladders, spurs and other tools)

Consumer Service Technicians install and repair residential, single line business, payphone, IPTV and DSL services.

What's on offer?

Bell Aliant offers a competitive salary and excellent working conditions.

Interested?

If you're passionate about superior customer service and wants to be part of the latest FibreOP™ buzz in Atlantic Canada, then stop by our open house to discuss your qualifications and see what the excitement is all about.
