## Saint John Y

Peace Week – November 20th– 27th, 2010

### World Alliance of YMCA's

Statement on Peace 1981

Peace has many dimensions. It is not only a state of relationships among nations. We cannot expect to live in a world of peace if we are unable to live in peace with those close to us – even those who differ from us.

The Christian faith requires us to seek justice for all and harmonious development. Humankind as a whole is interlinked and interdependent. The international situation compels us to seek effective ways of strengthening peace and preserving life. In the midst of increased conflict, violence and confrontation, we must seek possibilities to be 'peacemakers'.

The responsibility begins with each person, in relationship with family and friends, and extends to community life and national activities. There are no simple recipes. It is we ourselves who must seek – act-pray for ways to be peacemakers.
